

PRO-FORCE Professional Advancement[©] and Life-Starters[©] Annual-July Rundown of Leadership/Advancement Seminars: January 2014

Hello Everyone! We hope you're having a fantastic year, so far. Here is our list of January Events!

Some events are subject to change as the weather has really taken a toll on our office this year. We're experiencing the following conditions due to the cold: freezing pipes, loitering, beggars asking to shovel snow, coldness inside office, and lack of regular attendance due to bad road conditions. As a result of these unfortunate situations, we ask that you donate anything you possibly can to terry.savilla@gmail.com via paypal. He will promptly send your kind contributions to our offices.

With that aside, here's a list of our January events.

For our very first film of the year, we will be presenting a **feature-length film by local director Jeff Ramirez**

entitled "Long Dark Road of Kuhfleisch", a saga depicting the struggles of Austrian cowherds during the latter half of 1982. An original excerpt from the film's website:

"On a dark and doomy 1982 day, three cowherds lost their cows in a dark and terrible windstorm, only to find out that one of them had been sleeping under a downed barn-roof. When the cowherds found the cow, no one could guess what happens next."

The film is presented in nine parts. There will be a brief intermission between parts three and four. **Tickets for this event** can be purchased upstairs at the librarian's desk or online via paypal at the address terry.savilla@gmail.com. Please include in the email:
